Foam Cleaning Equipment

Mobile Cleaning Unit M70a. IE5

40 bar pressure

Item no.: 97012

Purpose and use.

The Mobile Cleaning Unit M70a IE5 is compact and designed for easy use and service. It is for sites that require cleaning by Flushing, Foaming and Disinfection.

It is capable of producing dry dense foam and by adjusting the air pressure, more wet dense foam.

The Mobile Cleaning Unit M70a. IE5 is manually operated by a valve which is easy to operate. The compressor automatically shuts off when flushing.

All materials that are in contact with the product are all corrosion resistant.

Features / benefits.

Functions: Cleaning with Flush / Foam / Disinfection

Operator friendly: Easy understanding of the functions

Variable foam density: Capable of producing dry dense foam

Capable of producing wet dense foam

Adjusting product conc.: Easy change of concentration by

changing the colour coded orifice nozzle

Few installation requirements: Only water and Power supply required.

40-80 Q IE5

Mobile Cleaning Unit M70a. IE5

Item no.: 97012

General Description

The Mobile Cleaning Unit M70a. IE5 is a mobile Frequency controlled PumpSet and an Injector build into one cabinet. It is made mostly of stainless steel so it is robust against harsh environments. As standard is has a non-return valve mounted at the water inlet which avoids pressure chocks in the water supply. The compressor automatically shuts off when flushing is performed.

The wheels used, is made of rubber that do not give marks on the floor.

The control automatically starts the pump on demand for water. Automatically it stops slowly when there is no need for water. The pump motor is frequency controlled and by default programmed to perform 100%. Programmable between 50-100%.

Specifikations

Water inlet:

Connection: Quick Coupling for 3/4" hose

Limitation:

Min. feed pressure2 barMax. feed pressure10 barMax. temperature60 °C

Water consumption at 25 bar & 10 m 1/2" hose:

Flushing nominal 1 user 30 l/min Flushing nominal 2 users 50 l/min Flushing max. 80 l/min Foaming 8 l/min

Power supply

Volt 3x400 VAC
Max. 6,0 kW
Backup fuse max Aut. / Slow: 20 / 25 Amp
Always follow local rules when installing the equipment

EU-Compliance / Energy efficiency

Prod. inlet:

Connection: 1 suction tube
Dosing range 1-6%

Outlet:

Connection: 1/2" quick coupling Recommended max. length 1/2" hose 10 meter

Weight net: 116 kg

Size: Raw shipping measures (LxWxH) 130 / 61 / 55 cm

Full operational measures (LxWxH) 150 / 65 / 100 cm

Included accessories:

15m el. wire. Quick coupling for inlet hose. Suction tube.

Options: > 85691. Accessory set HP: 10m hose, ball valve handle and a TubeSet.

> 81139. Inlet hose 3/4".

> 97013: Twin-Speed Quick set 25/40 bar. IE5 (See picture)

Item no.: 97012
